Vice-President: Tod Van Huss @ 289-314-8396

Navy League of Canada - Bowmanville Branch is an affiliate of the Ontario Division of the Navy League of Canada.

## **Navy League of Canada - Bowmanville Branch**

The Navy League of Canada is a civilian non-profit organization working in partnership with the Canadian Armed Forces to support the Royal Canadian Sea Cadet program. Volunteer-led, the Navy League independently operates the Navy League Cadet program and maintains an abiding interest in Canada's maritime security through its Maritime Affairs portfolio. We are organized into Divisions by province and Branches within each Division.

As a parent/guardian of a Cadet you are encouraged to help support your Cadet by becoming a Member. As a Member, you can affect the operations of the Branch through:

- attendance and voting at all regular meetings as well as the Annual General Meeting of the Branch
- Election of the executives at the AGM
- Branch Budget approval

As a Member, you are entitled:

- To receive any local communication such as Branch meeting minutes or newsletters
- To attend Branch council or Branch executive meetings
- To serve on Branch committees and workgroups

As a Member, you are responsible for:

- A \$10.00 Membership fee, due by Sept. 30th for each cadet training year (Sept. 1 to Aug 31). Your Membership fee helps support the cadet corps activities as well as entitling you to vote at Branch monthly meetings, the Branch Annual General Meetings, and the executive elections.
- Volunteering - to support the activities of the cadet corps and/or the operation of the Branch.

Currently, meetings are held virtually the 2nd Tuesday of each month. Agendas and links for the meetings are sent by email.

New memberships can be obtained at any time throughout the training year.

To become an executive, you must be a member for a minimum of 1 year.

Our purposes are:

- to promote, organize, sponsor and encourage the education and training of the youth in our area through the Cadet Movement, with a maritime orientation and through the provision of recreation opportunities and training
- to promote the physical and mental fitness of the boys and girls participating in the Cadet Program
- To promote an interest in Maritime Affairs generally, in our area
- To communicate and cooperate with other organizations with similar purposes
